

LED linkable emergency light Maxibal

•GENERAL PROPERTIES

Lifespan	50000 Hours
Colour Temperature	4000 k
Luminous Flux	1350 lumen Nood 180 lumen
Beam Angle	120°

•ELECTRICAL PROPERTIES

Power	15 Watt
Voltage	42V AC / 230V AC
Plug	CEE
Frequency	50Hz/60Hz
Battery life in emergency mode *	2 x 30 min
Charging time	8 uur

• PRODUCT INFORMATION

Article No. 42 Volt AC	140104215
Article No. 230 Volt AC	140123015
Product name	Led Linkable Emergency Maxibal
Protection rating	IP54
Weight	1.75 Kilogram

•DIMENSIONS

Height	190 mm
Diameter	200 mm

* Battery 2 will be used at the second emergency situation (spanningsuitval).

Led linkable emergency light Maxibal is designed for use in environments where a high quality is a standard, such as shipyards, industries and construction sites. During the development process input of our users is incorporated in the design. We can therefore guarantee high operational reliability. Led linkable emergency light Maxibal is tested by various european institutes and laboratories with excellent results. To mount the fixture there are several options available such as, a magnet clamp or a hanger. The LED linkable emergency light Maxibal provides a perfect lighting in the workplace.
